

Fresh Strawberry Pie

Mix

1 cup sugar

2 rounded tablespoons of cornstarch

Add

1 cup water

Boil together until thick.

Remove from heat and add $\frac{1}{4}$ cup (approximately one half of a 3-oz box) of strawberry gelatin. Stir to blend, then cool.

Add $2\frac{1}{2}$ to 3 cups of fresh strawberries cut into bite-sized pieces. Stir until strawberries are coated with the cooled mixture. Pour into a 10-inch crumb crust and chill.

Serve topped with whipped cream if desired.
